

Annual Calibration

For reliable measurements it is recommended that all instruments be calibrated on an annual basis. This ensures ongoing credibility and accuracy.

Our calibration laboratory in New Jersey maintains the most accurate wind tunnel of its kind. Kanomax provides the highest quality of service available with a quick turnaround time. Our service specialists are well trained and will calibrate your instruments to the highest standards.

NIST Traceable Calibration Services for Air Velocity and Particle Counting Instrumentation

Kanomax Services:

- Direct traceability to National Standards (NIST)
